## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1 and 9 are allowed in view of Applicant's arguments on pages 9 and 10 of the Remarks. Applicant's arguments are persuasive that it would not have been obvious to combine the applied art because Kataoka's device is a single type polarizer with a *reflector* (guest-host mode) while the device of the JP'428 requires two polarizers with *no* reflector. The remaining claims are also allowed since they depend on the allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Tai Duong at telephone number (571) 272-2291.
